Professional Summary

Java Full Stack Developer with 1 year of experience building scalable and high-performance web applications using Java, Spring Boot, React.js, and MySQL. Skilled in developing RESTful APIs, microservices-based architectures, and responsive user interfaces. Experienced in performance optimization, SEO improvements, and writing clean, maintainable code. Familiar with CI/CD pipelines, Docker-based deployments, and Agile development practices.

Technical Skills

- **Languages:** Java, JavaScript, SQL
- **Frontend:** React.js, HTML, CSS, Tailwind CSS
- **Backend:** Spring Boot, REST APIs, Hibernate/JPA
- **Database:** MySQL
- **Tools:** Git, Maven, Docker, Netlify
- **Other:** API Integration, Performance Optimization

Work Experience

Arrow Thought

Aug 2025 – Present

Java Full Stack Developer

- Developed scalable full-stack applications using Java, Spring Boot, and React.js, improving system efficiency.
- Designed and implemented RESTful APIs handling multiple modules and improving data flow efficiency by **30%**.
- Built responsive UI components, enhancing user experience and reducing page load time by **25%**.
- Optimized frontend and backend performance, improving SEO ranking and application speed.
- Collaborated with cross-functional teams in Agile environment to deliver high-quality software solutions.

Projects

Bridge Resolve - Link

Build With: React.js, Tailwind CSS, JavaScript

- Developed a consulting platform enabling structured problem-solving workflows for users.
- Designed responsive UI improving accessibility across devices and increasing engagement.
- Implemented reusable components, reducing development time by **20%**.

TestPlans - Link

Build With: React, Tailwind CSS, Java, MySQL

- Developed a web platform for generating automated machine test plan PDFs.
- Built backend services using Spring Boot and MySQL for efficient data processing.
- Improved application performance and optimized database queries.
- Currently deploying application using Docker and CI/CD pipelines.

Arrow Thought - Company Website Link

Build With: React.js, tailwind CSS, Animation Lib

- Developed responsive company website improving user engagement and UI consistency.
- Built reusable UI components reducing redundancy and improving maintainability.
- Ensured cross-browser compatibility and mobile responsiveness.

Education

BCA (Bachelor's of Computer Applications)

2021 – 2024

CGPA: 8.0

Caussanel College of Arts and Science, Ramanathapuram

HSC

2020 – 2021

CGPA: 7.5

D.D. Vinayagar Higher Secondary School

Certifications

- Java Full Stack Certification (Uniq Technologies)
